

PP-CY ANNUAL REPORT 2018-19

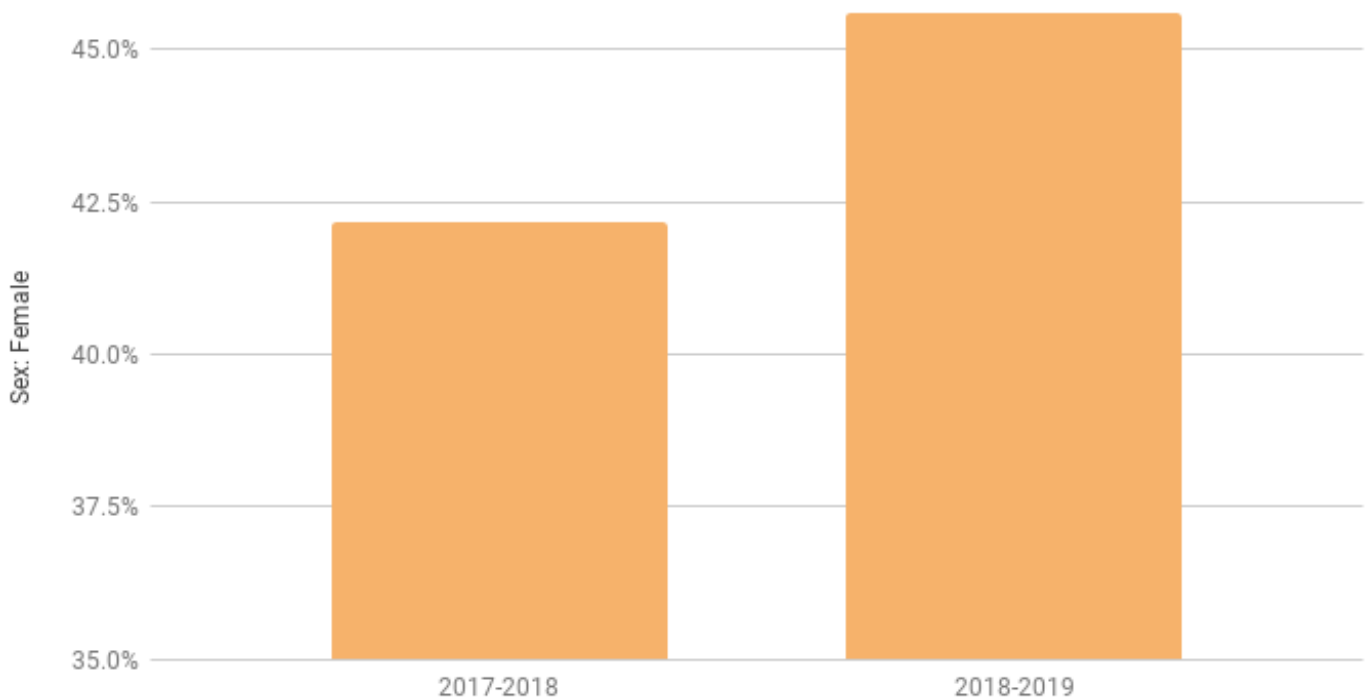

BY THE NUMBERS

GENDER BREAKDOWN

FROM OUR 229 PARTICIPANTS, THERE ARE 98 GIRLS AND 124 BOYS. ALTHOUGH THIS ISN'T THE PERFECT 50/50 SPLIT WE AIM FOR, WE'RE MOVING IN THE RIGHT DIRECTION. COMPARED TO LAST YEAR, WE ARE ATTRACTING MORE YOUNG WOMEN TO GET INVOLVED IN BASKETBALL.

Women Participation

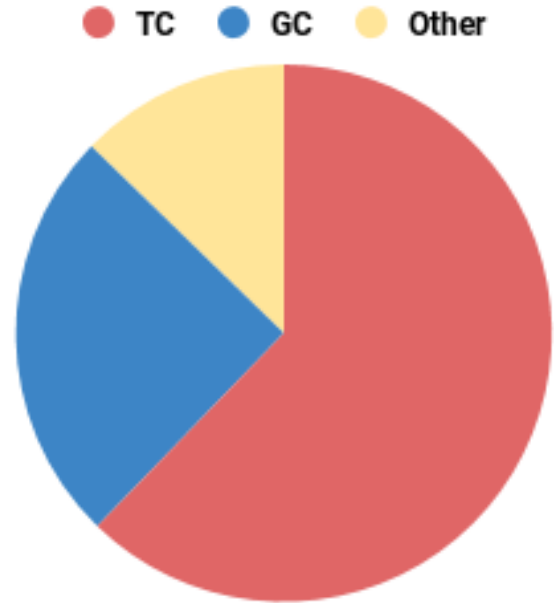

Through events like our International Women's Day event, we're encouraging and recruiting more women to get involved with PP-CY

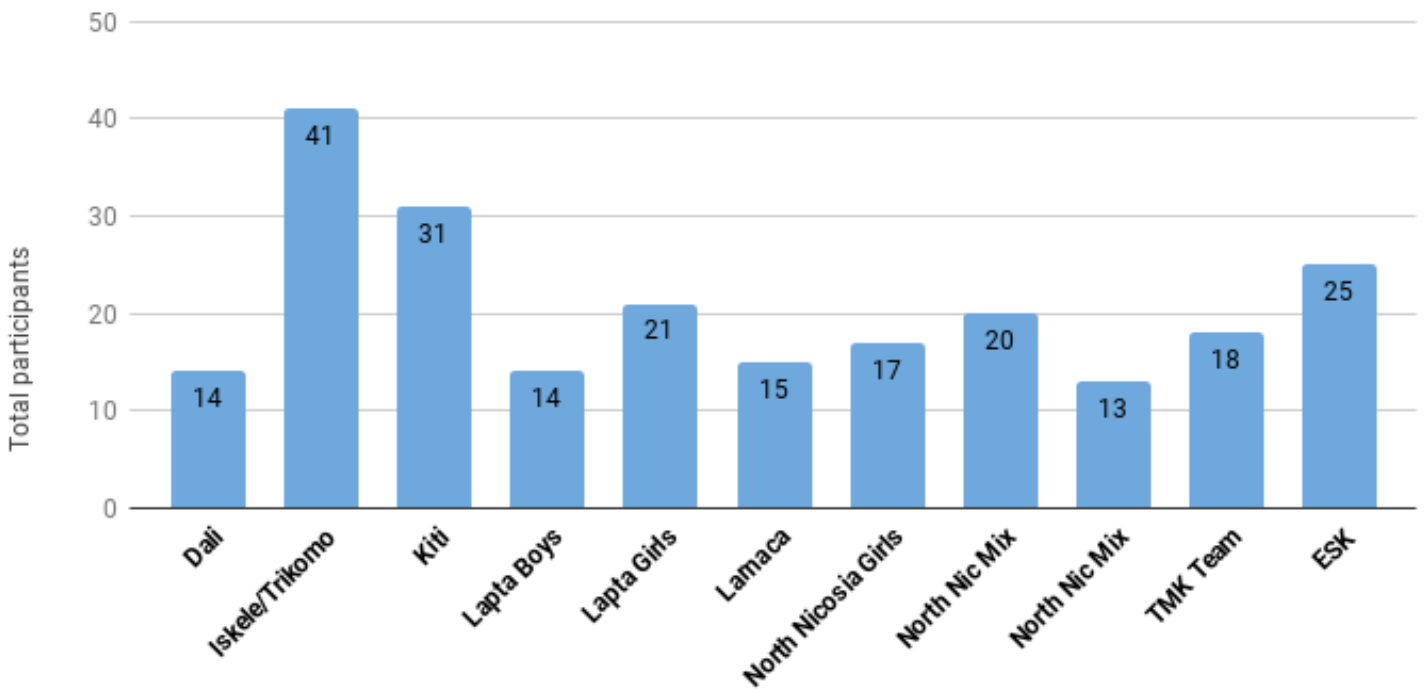

BY THE NUMBERS

NATIONALITY BREAKDOWN

WITH THE CLOSING OF THREE TEAMS IN THE SOUTH, OUR GC/TC BREAKDOWN IS CURRENTLY FAVORING TC PARTICIPANTS. ONCE OUR NEW TEAMS OPEN NEXT YEAR, THE BALANCE SHOULD RETURN TO ITS DESIRED OUTCOME.

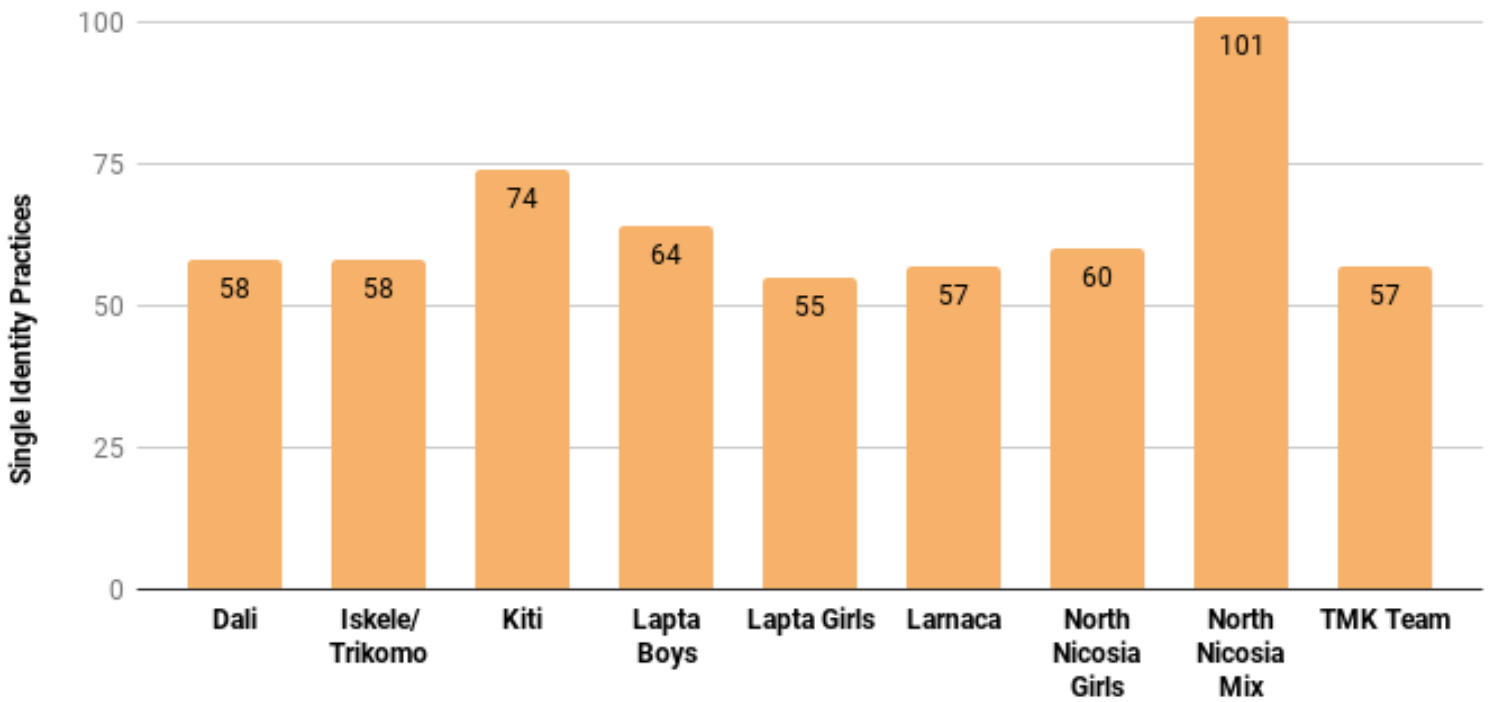

Total Participants Per Team

With an emphasis on recruiting this summer, we hope to not only start three new teams in the south, but raise numbers on existing teams.

Single Identity Practices

PRACTICES

The top chart shows how many practices each team held this year. The bottom chart compares this year to last year. Almost every team held the same amount of practices, or increased their practices, providing more basketball opportunities for our kids.

IMAGINE

'Imagine' is an Educational Program on Anti-racism Education/ Education for a Culture of Peace launched in October 2017, where classes from the two communities are paired and attend sports activities with Peace Players – Cyprus (PP-CY), where children develop skills for teamwork, tolerance and trust through sports activities.

PeacePlayers provides "Imagine Trainers" so run the bi-communal workshops, a position that we prioritize for our young assistant coaches to gain more youth development experience. This year we have partnered with Imagine to provide 560 participants from all over the island the opportunity to engage with PeacePlayers team-building and basketball activities.

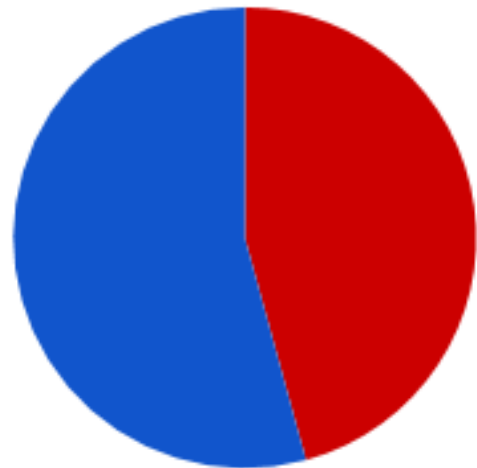

Imagine Gender Breakdown

● Boys ● Girls

Imagine Participants by Location

● TC ● GC

The Imagine activity not only introduces young children to PeacePlayers programming, but allows our Assistant Coaches to build their capacity as youth development professionals.

BI-COMMUNAL

One of the most important things we do at PeacePlayers is our bi-communal work. We bring kids from different communities together through many different ways, as shown below. Twinnings & Tournaments give a majority of our kids a chance to interact with "the other side," while the Retreats, Leadership Activities, and Exchanges allow our leaders to dive deeper into exploring those relationships.

LEADERSHIP

Our Leadership Development Program (LDP) has three tiers. Juniors (JDP), Leaders (LDP) and Assistant Coaches (ACs). As our participants get older, they have the opportunity to continue learning about peace advocacy, playing basketball, and building relationships through this pipeline. Our LDP Program has grown significantly this year, and shows promise to continue this trajectory in the years to come. For more information, see the LDP Data Record.
